## ITD - Support Guides Modern Cloud Management Accessing Modern Cloud Management Step 1: Principal to delegate access

- Open Manage My Access (or speak directly with the Principal and use the Manage Staff Access app).
- Navigate to Enhanced T4L Server and click the pencil icon on the right hand side of the screen.
- For permission to access both the Intune and CDM console tick "Software Management".
- If using the MMA app, add an option comment as to the reason for requiring access and click Send request.
  - Request access

    Choose your requested permissions, add any comments you would like to make, the select Send Request.
