Using Acrobat Reader to Sign or Certify

Acrobat Reader

Fill and Sign

A Department of Education T4L Support Guides Adobe Acrobat Reader **Fill and Sign**

Step 1

Open Adobe Acrobat Reader and go to the *Recommended tools for you" panel. Select Fill and Sign. Then select the PDF file you wish to use.

If Fill and Sign does not appear, click "See all tools".

Step 2

On the left hand panel choose "Add signature" or Add initials".

If you haven't set up a signature of initial before, you will be taken to a panel where it can be created.

....

Your signature will now appear on the screen. Move it into permission and left click once. The signature/initials will then be attached to your PDF document.

Click save to keep the signature/initials in place.

Step 1

Open Adobe Acrobat Reader and go to the "Recommended tools for you' panel and click "See all tools".

On the next screen select "Use a certificate".

Open the PDF document you wish to add the certificate to.

Click Digitally sign. A panel appear giving you instructions to use your mouse to click and drag to draw the area where you would like the signature certificate to appear.

If you haven't set up a signature of initial before, you will be taken to a panel where it can be created.

Step 3

Use the crosshair pointer to draw the area you want the certificate to appear in on the PDF document. You will then be taken to a window to confirm the digital ID than you wish to use.

Once selected, click continue.

Step 4

A preview of your certificate will appear. Click "Sign" to add the certificate. Save the document when prompted to secure the certificate in the PDF.
