### Teaching and learning tips and tricks

## Customise Settings

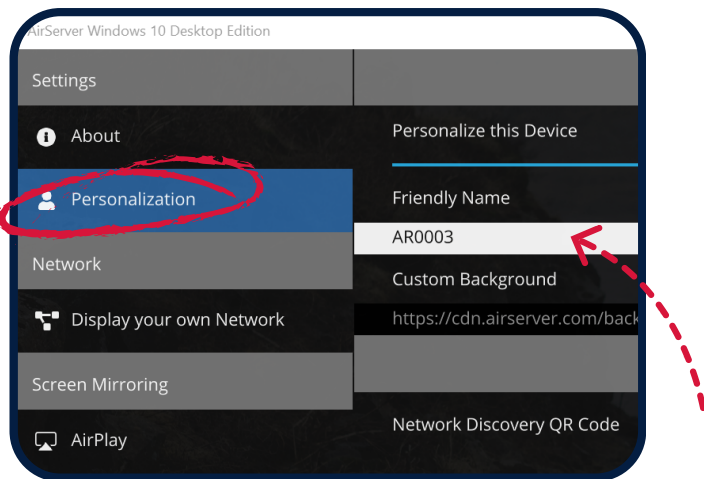

To customise features of AirServer, click on the hamburger icon on the bottom left hand side of the screen when the AirServer app is open.

## Labelling AirServer

To modify the display name, select **Personalisation** and then enter a friendly name.

Press **Enter** to confirm the change.

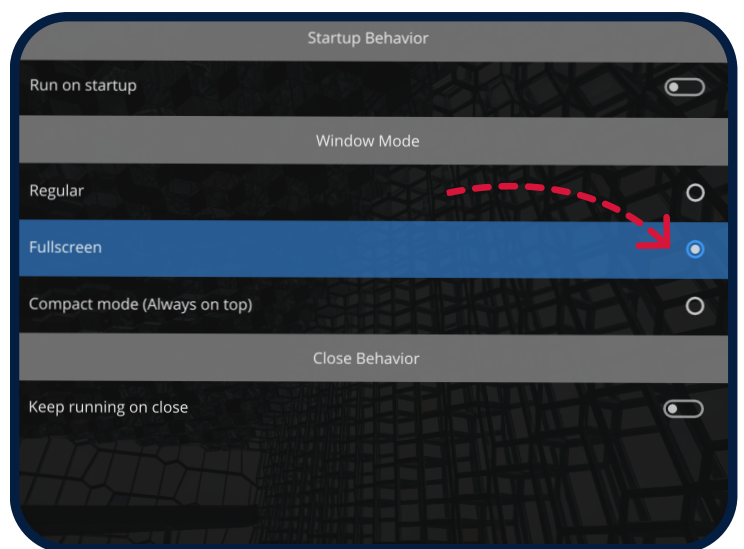

**TIP** - Labelling AirServer is really helpful if you have multiple MLDs in close proximity and you want to select the correct one.

## Fullscreen Viewing

On the left hand side of the screen, scroll down until you see **Advanced Settings** and then **Window Behaviour**.

Click **Fullscreen**.
