# MLD Support Guides AirServer wireless casting Teaching and learning tips and tricks

## Pin to taskbar

To easily find AirServer, you can pin the application to the taskbar.

Open the AirServer application.

Using a mouse, **Right click** on AirServer icon in taskbar.

### OR

Using your finger on the MLD screen, press and hold on the icon.

### Run on startup

You can set AirServer to automatically start when you log onto the MLD's Mini PC.

Open the **AirServer settings menu,** by clicking the hamburger icon.

### Click on Window Behavior.
