Modern Cloud Management

Assigning Network Drives using a Site Profile

At the top of the CDM console window click Site Administration drop down arrow and select Site Profiles.

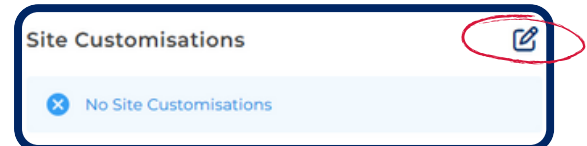

From the list of Site Profiles, choose the profile to customise by clicking on the hamburger icon on the right hand side of the screen.

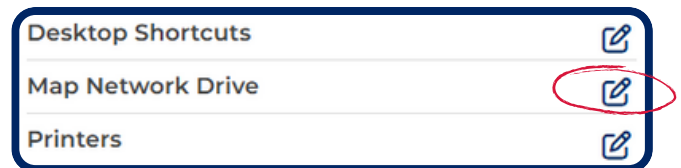

Site Administration \ Site Profiles

TITLE	DESCRIPTION	BUILT	DEVICES ASSOCIATED	DETAIL
Walkthrough	Settings for Demonstration	True	1	☰
testdm		True	1	☰
Storeroom Devices	dm test	True	4	☰
Modern Learning Room	K-2 modern learning lab	True	6	☰
Maths Faculty	All Maths staff devices.	True	4	☰

Click the pencil icon next to Site Customisations.

Click the pencil icon next to Map Network Drive.

Either scroll through the list of network drives or use the search box to find the network drive you wish to assign. Click the check box then click Confirm selection.

After reviewing the changes click Confirm request.
