Tap the speaker and I'll read the page aloud

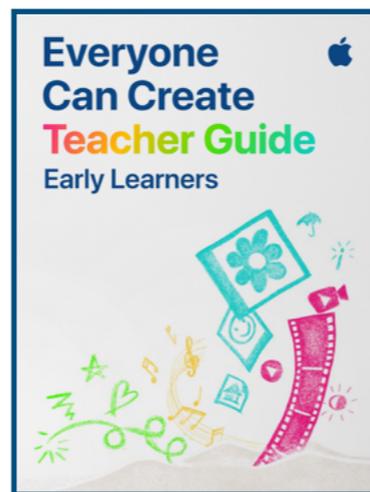

Information for Parents

Engage with your child's learning at home using iPad and free resources. Before you get started, download these apps and the Everyone Can Create guide onto your iPad.

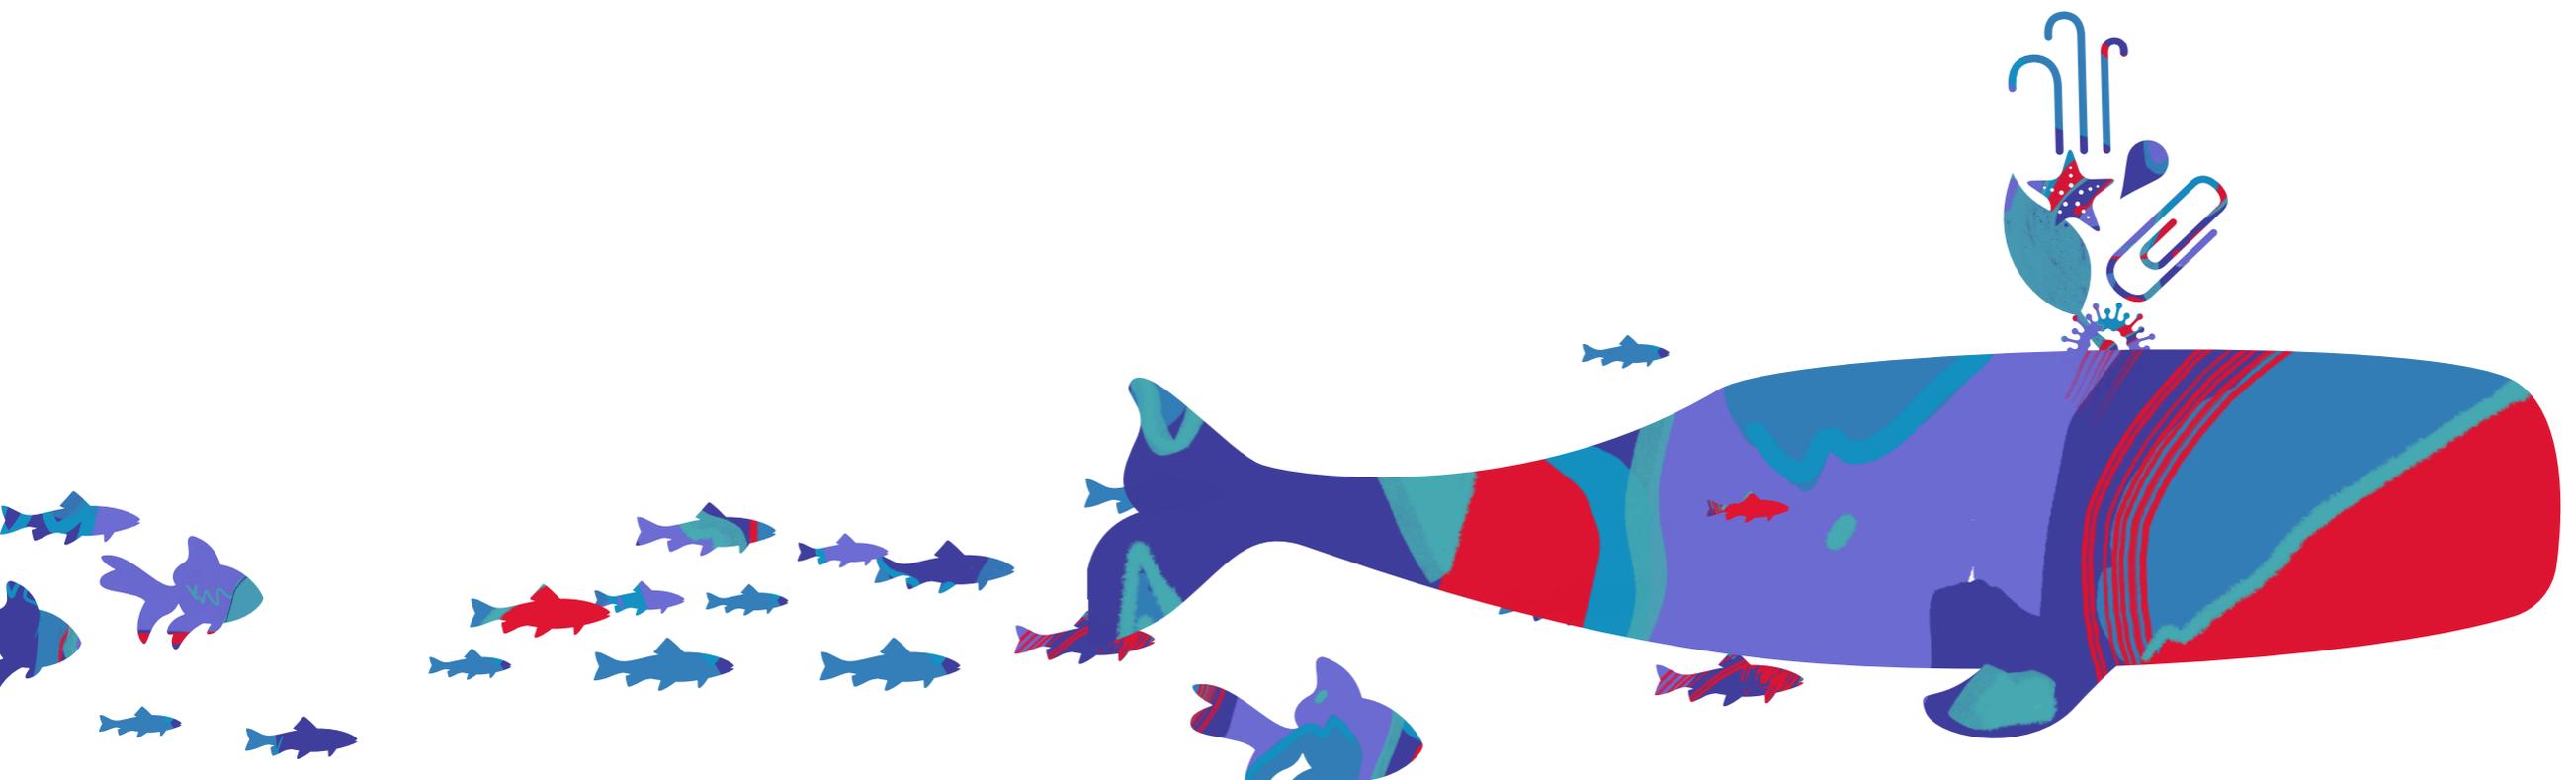

Sketches School

Everyone Can Create

Clips

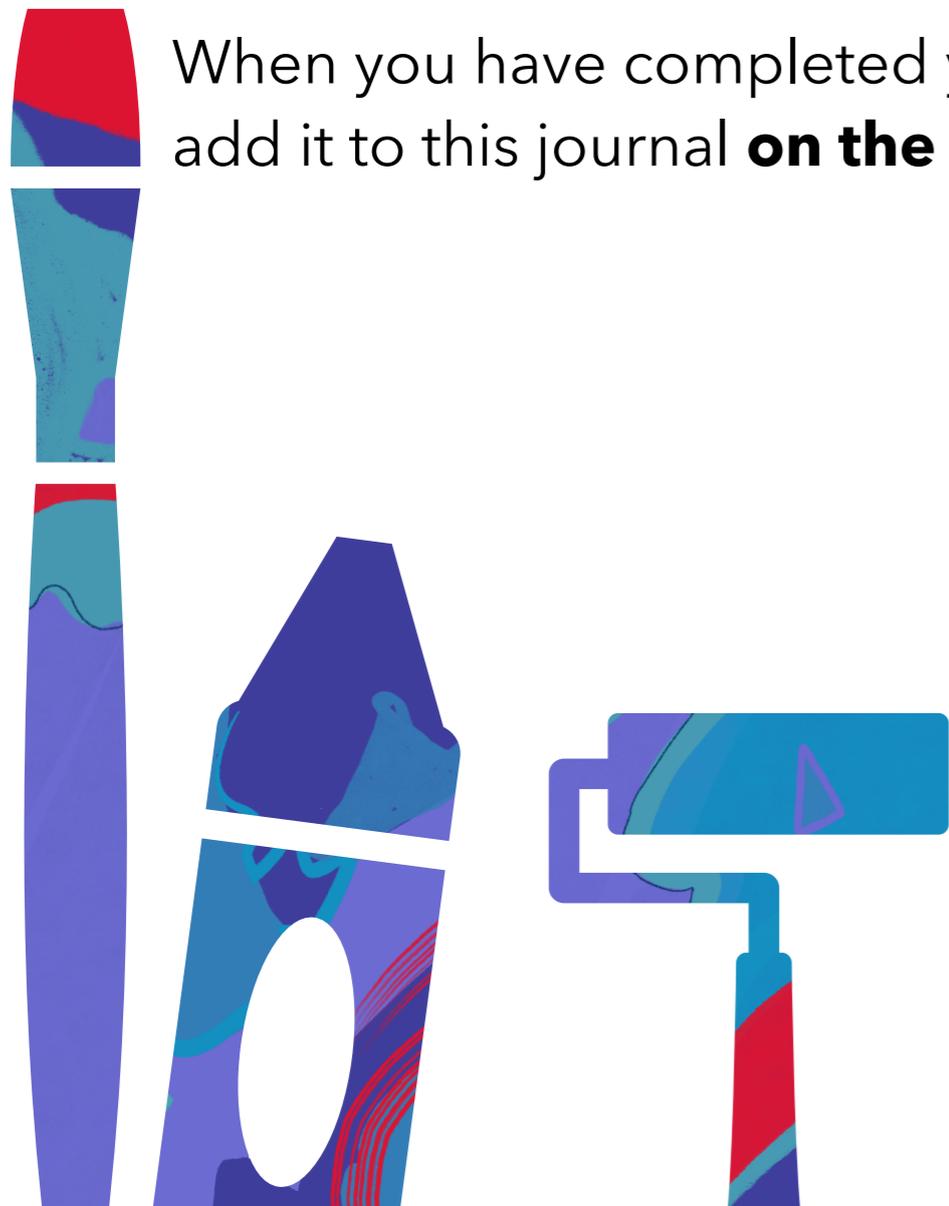

Write your name

Use the Sketches School app to write your name using different types of pens, pencils and brushes. Try using a different colour for each letter of your name.

What do you notice about your letters, are they thick or thin? Fuzzy or sharp? Which one do you like the best?

When you have completed your name, save your image in the camera roll, and add it to this journal **on the next page.**

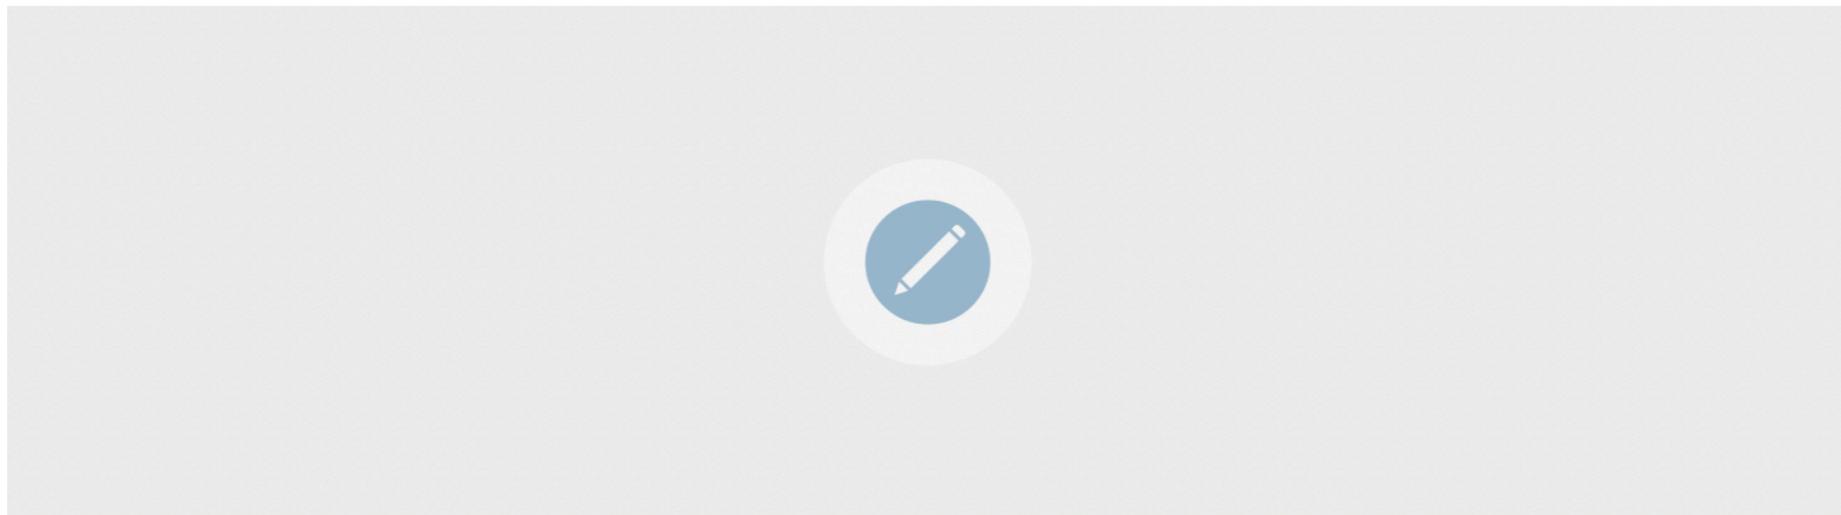

Take your learning further

Learn more on drawing in the Patterns chapter of the [Everyone Can Create Early Learners Guide](#)

Tap  below to add your name art here from the first activity. Use shapes from the shape tool to decorate around your name with all the things you love!

This book belongs to:

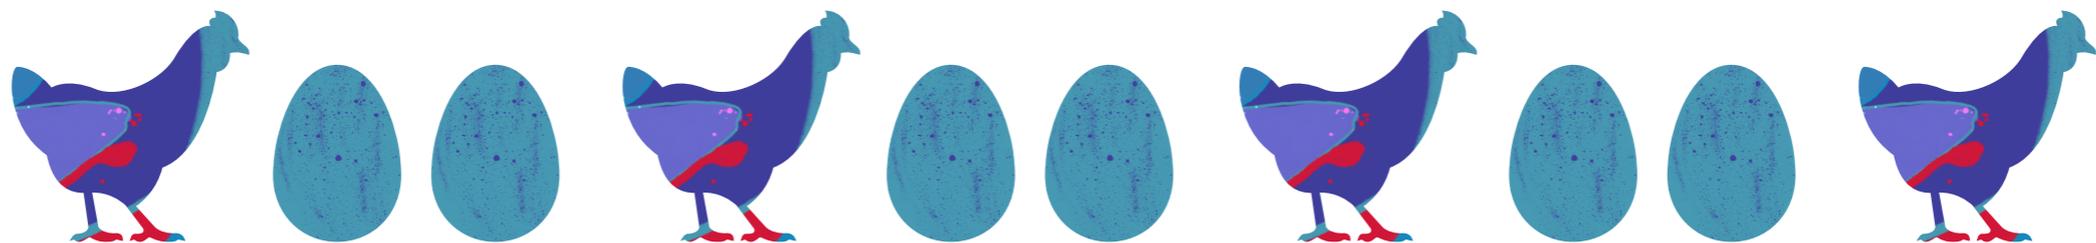

Create a Pattern

We are going to use Pages to practice drawing patterns. Remember that patterns are designs that repeat. Like this:

One purple stripe, one blue stripe, one purple stripe, one blue stripe....

One chicken, two eggs, one chicken, two eggs....

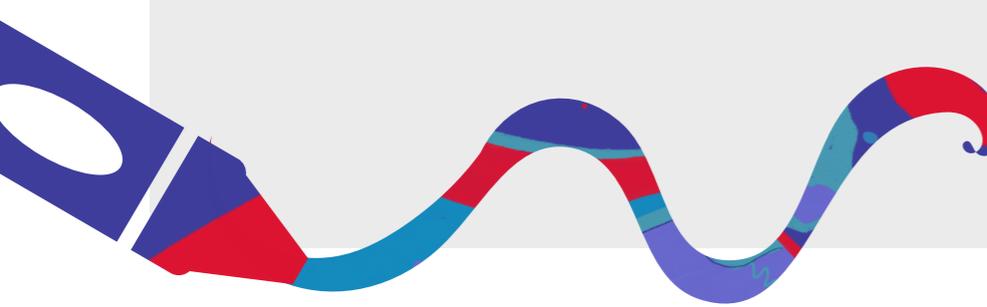

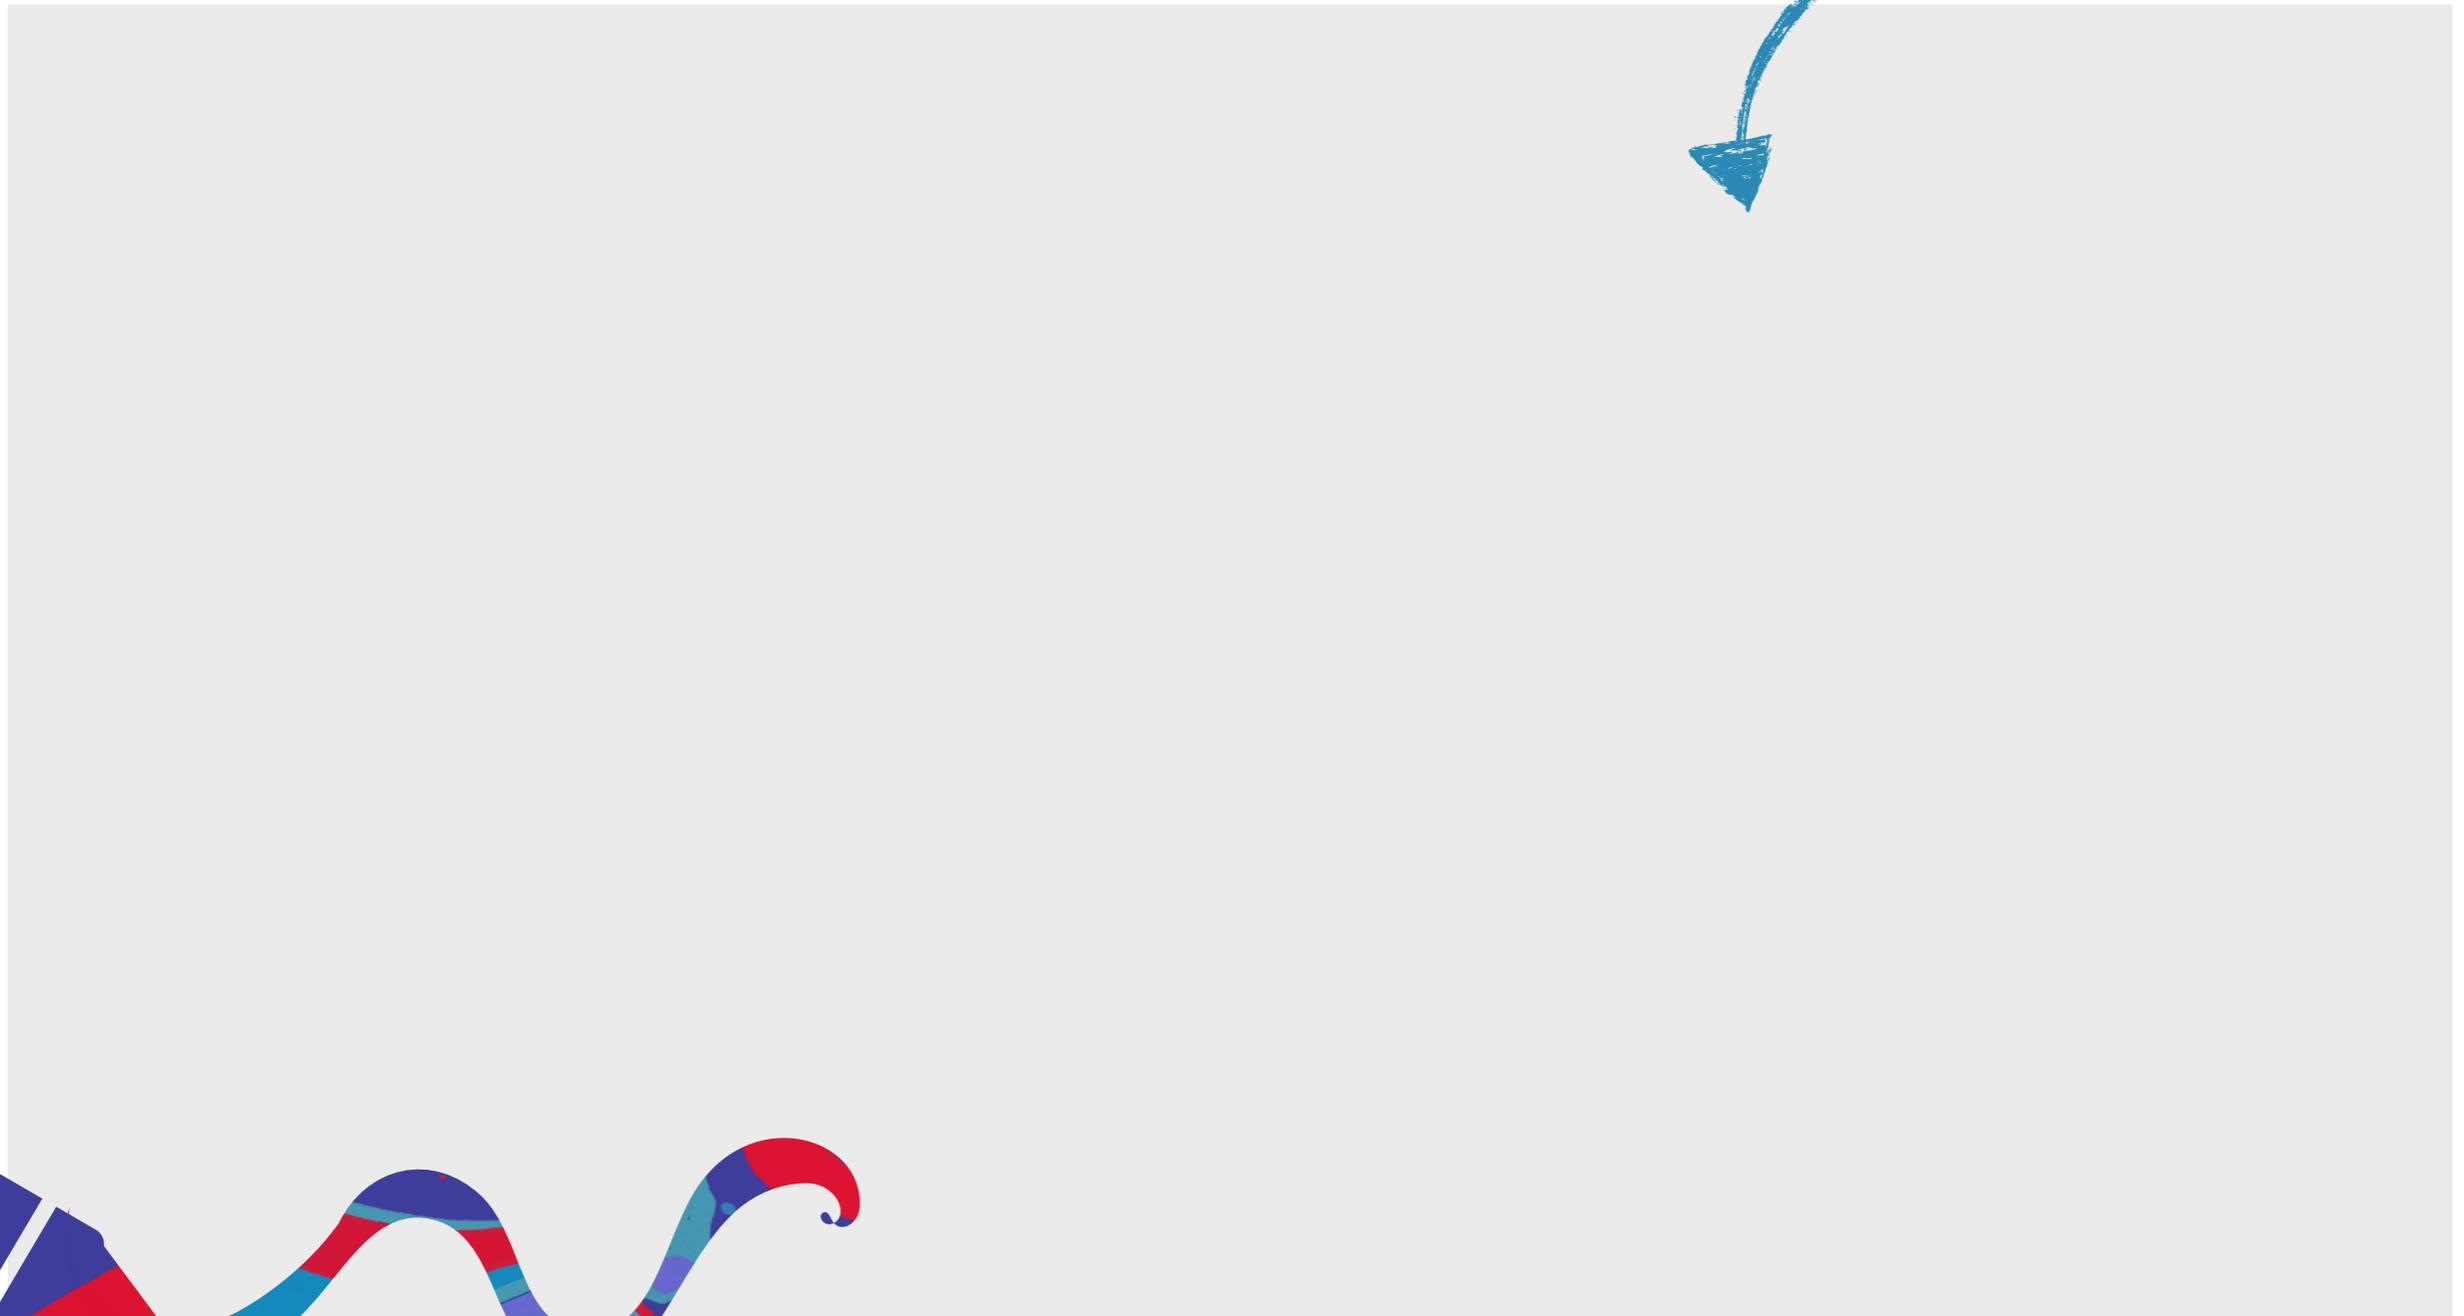

Take a look around you. Can you see lots of lines? What about a pattern? You might have a pattern of photos on a wall or maybe your floor is a pattern.

Create a Pattern

Use Pages to draw three different patterns. To draw your pattern, tap the + then  then . Remember to tap 'done' when you are finished!

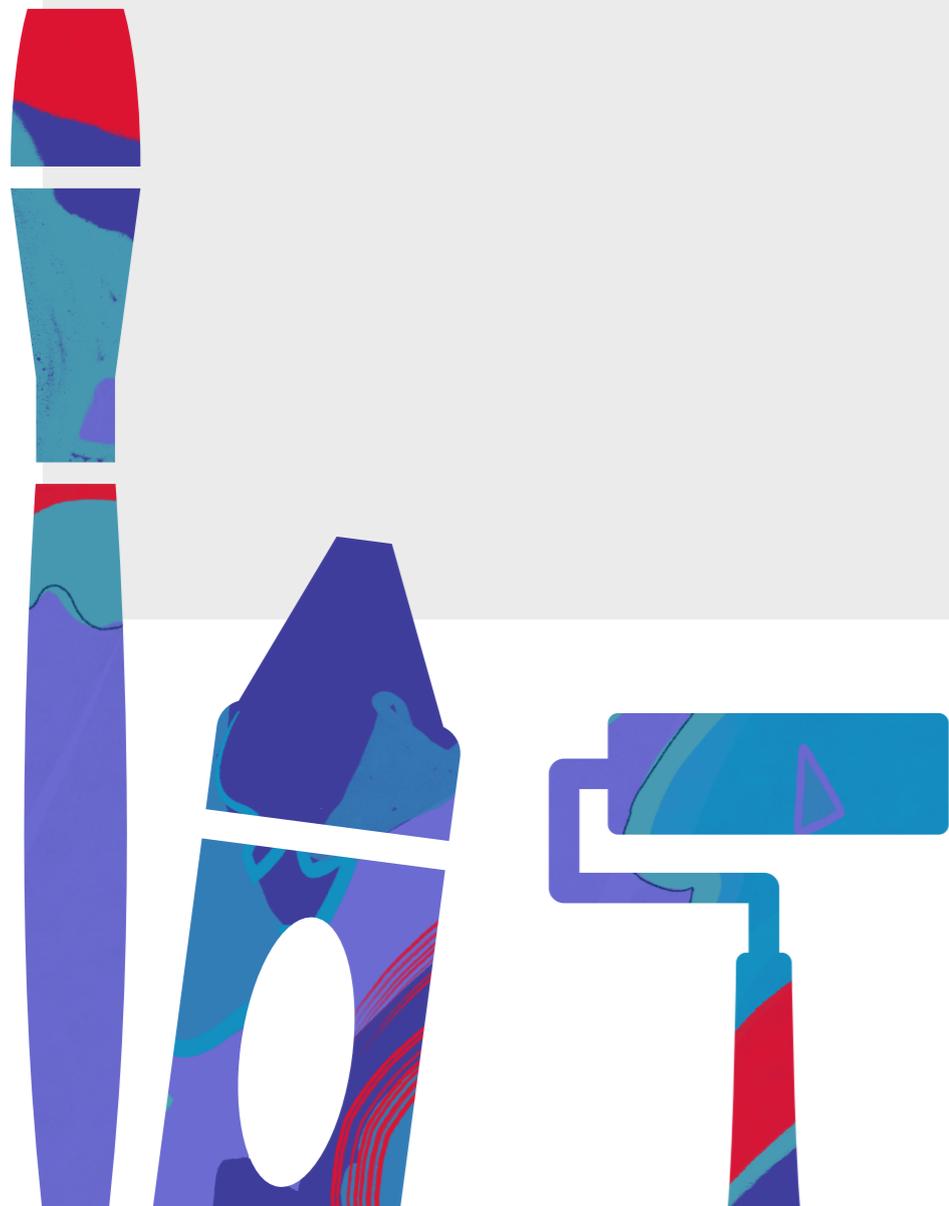

Draw your pattern here.

Draw a Story

In this activity you are going to draw a picture that tells a story in Sketches School. Swipe through the instructions below to learn how.

1.

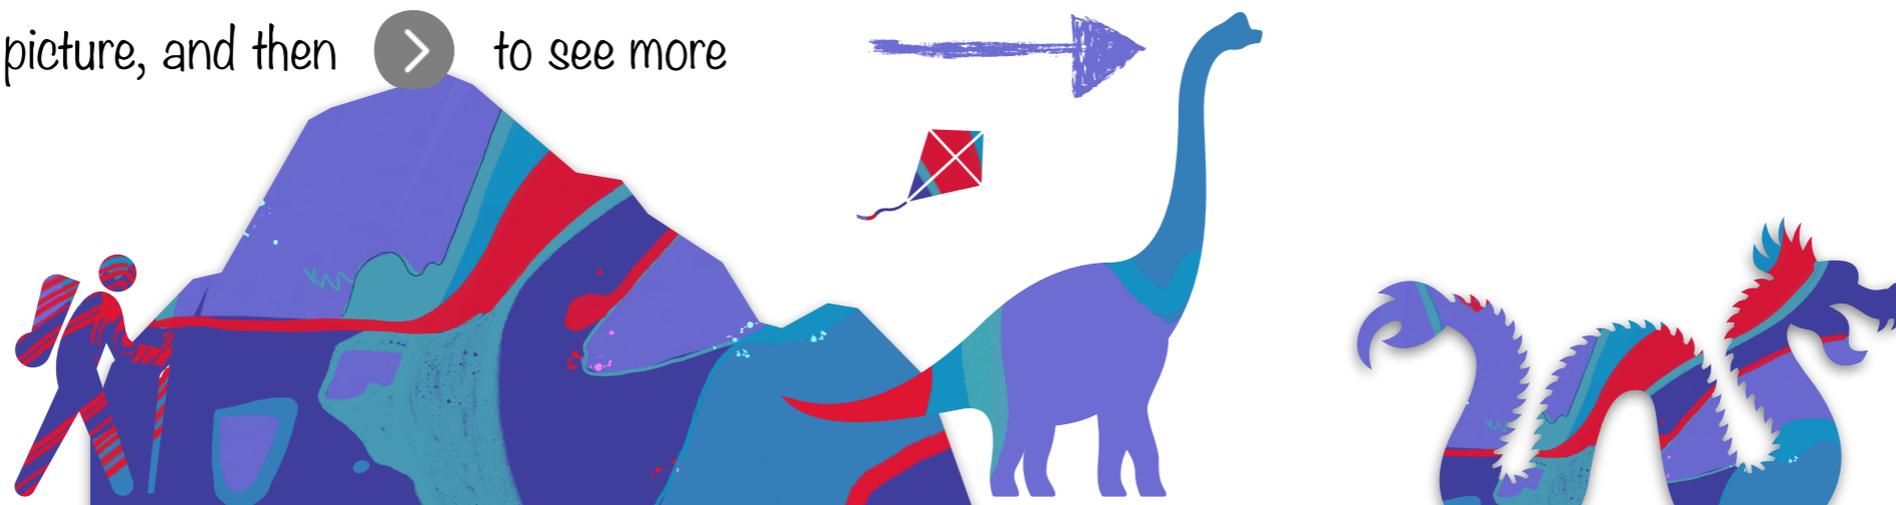

Open Sketches School.
You can draw any place that
you like, real, or imaginary.

A tablet device is shown on the left, displaying a simple drawing of a house with a window and a girl standing next to it. To the right of the tablet, the number '1.' is displayed in a large, bold font, followed by the text 'Open Sketches School. You can draw any place that you like, real, or imaginary.'

Discover more on drawing stories in the [Everyone Can Create Early Learners Guide](#) chapter on 'Places'.

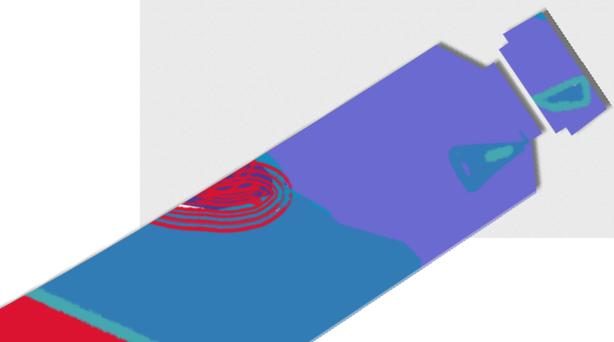

Tap the picture, and then  to see more

Draw a Story

Add your sketch on the page below, then tell your story through voice recording. Make a voice recording by tapping  then  then . You could even write your story on the next page in your journal or a book.

Write your Story

A large, empty rectangular box with a thin grey border, intended for writing a story.

Animal Antics

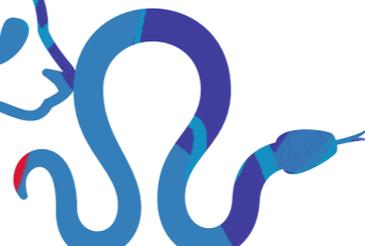

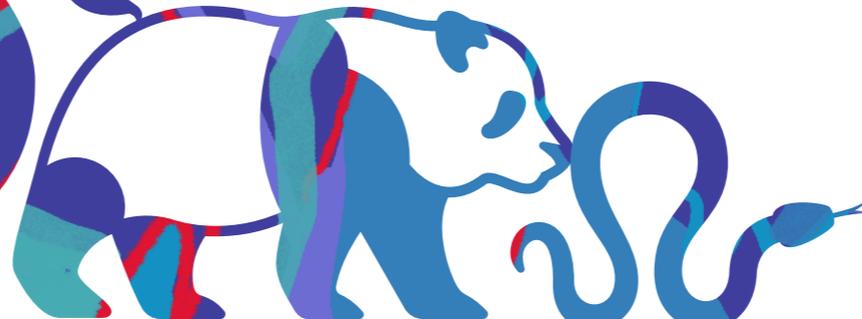

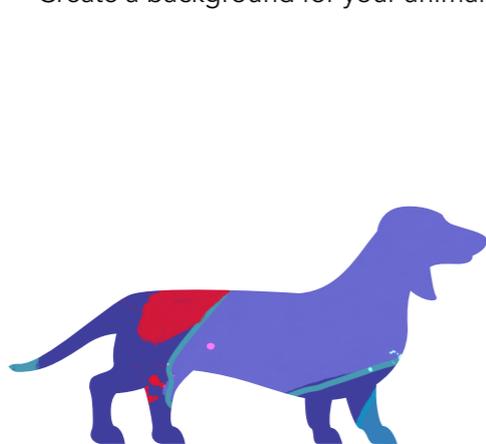

Think about your favourite animals. If you had to combine your favourite animals to make a new one, what could it look like? Can you draw it using Sketches School? Think about the shapes that would make up your new animal. This will help you draw it. Scroll through the pictures for step by step instructions on how to use Sketches School.

Create a background for your animal using the different draw tools.

For more information about drawing in Sketches School, see the 'Things' chapter in the Drawing section of [Everyone Can Create Early Learners Guide](#).

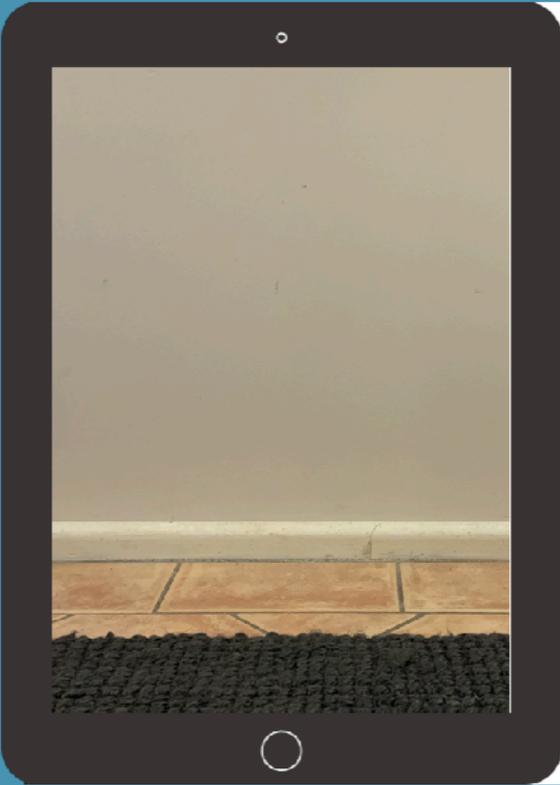

Animal Antics

Take a Great Photo

We're going to discover how to take a great photo but first, you'll need a grown up to come with you!

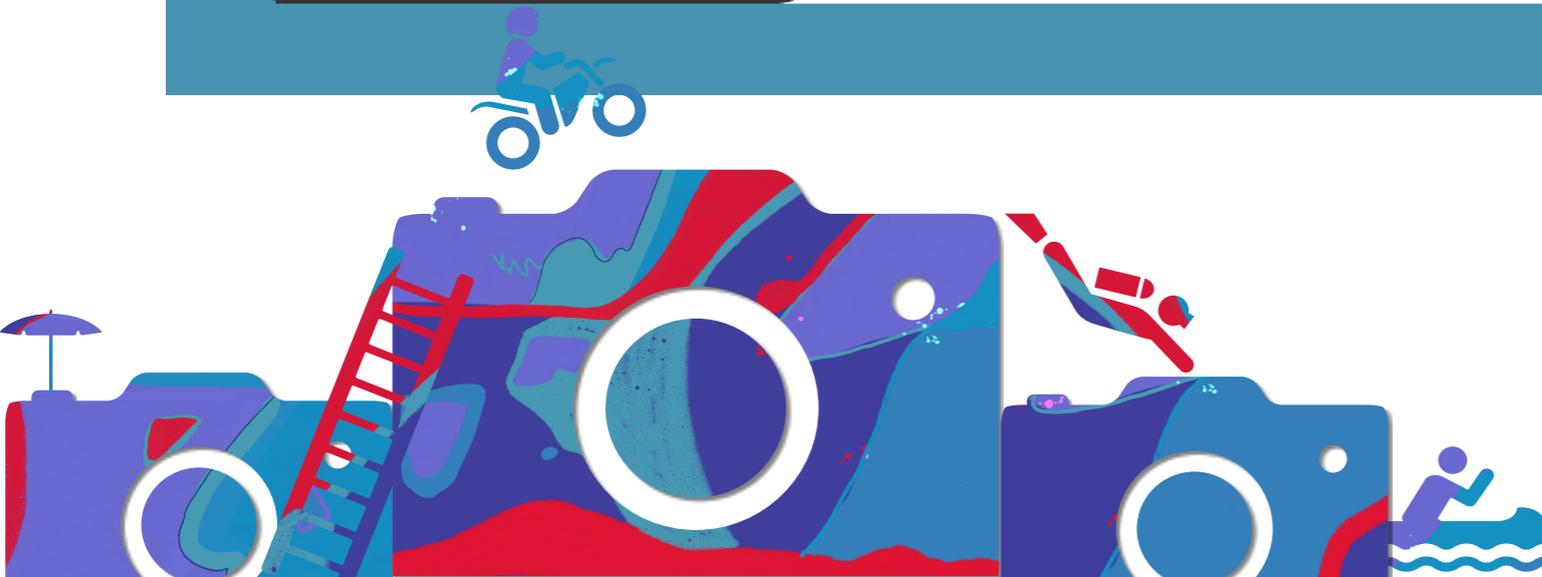

1.

Find a space with a simple background.

A large blue-bordered frame containing a smartphone on the left and text on the right. The smartphone screen shows a simple background of a wall and floor. The text to the right of the phone reads "1. Find a space with a simple background."

Top Tip

Remember to lock your elbows into your hips to take a nice steady shot!

Take a Great Photo

Add your photo to this page.

Learn more on taking photos in the 'People and Things' chapter in the [Everyone Can Create Early Learners Guide](#).

Treasured Things

Find one of your favourite things - it could be anything like a toy, a book or a plant in your garden. Take photos of your thing using different camera angles. Learn more about how to create great photos in the [Everyone Can Create](#) guide.

Take a photo of your 'thing' from up above.

Take a photo of your 'thing' from the side.

Take a photo of your 'thing' from behind

Can you take a photo of your 'thing' from close up?

Photo Hunt

It's time to go with your grown up on a photo walk.

Find things that start with the letter of your name and take a photo of them. Place your photos on the next page and type the first letter of your name in the magnifying glass.

Record yourself saying the name of each object.

Learn more on taking photos in the 'Project: Take photos of a person or thing' in the [Everyone Can Create Early Learners Guide](#).

Photo Hunt

Type the first letter of your name in the magnifying glass. Add your photos to the shapes and record yourself saying the name of each object.

Add your photos here.

 <p>Type the first letter of your name here!</p>		

Mark it Up

Let's turn one of your photos into a true work of art!
Don't forget to add your amazing artwork to your journal on the next page.

Open one of your photos in the Photos app

Tap the picture, and then

Slow Motion

Recording video is so much fun, but recording in slow-motion, allows you to see how things move in a way that is tricky to catch at normal speed. Scroll through the gallery to learn how to record in slow motion. Have a go yourself at recording an object moving!

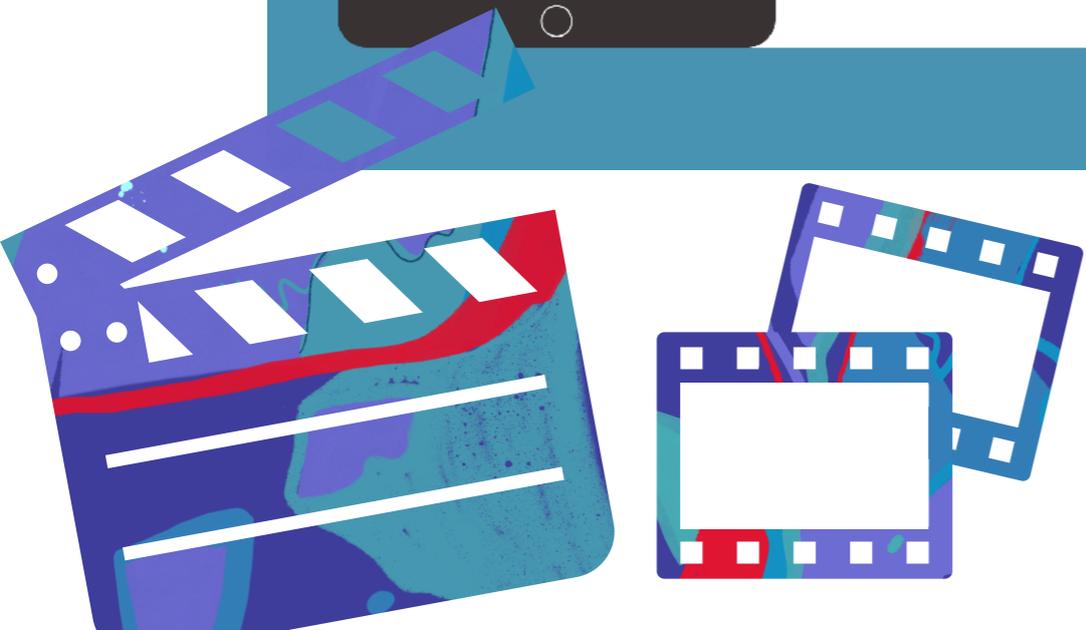

1.

Open the Camera App on the iPad and swipe up until you see Slo-Mo.

Here are some ideas you might like to record:

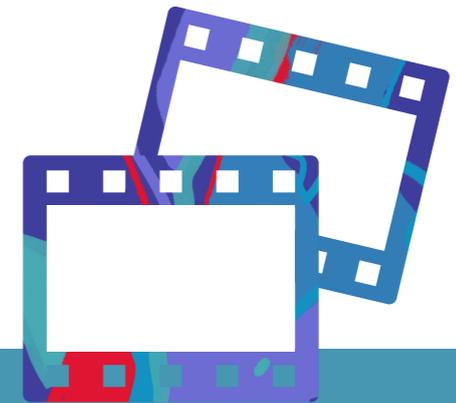

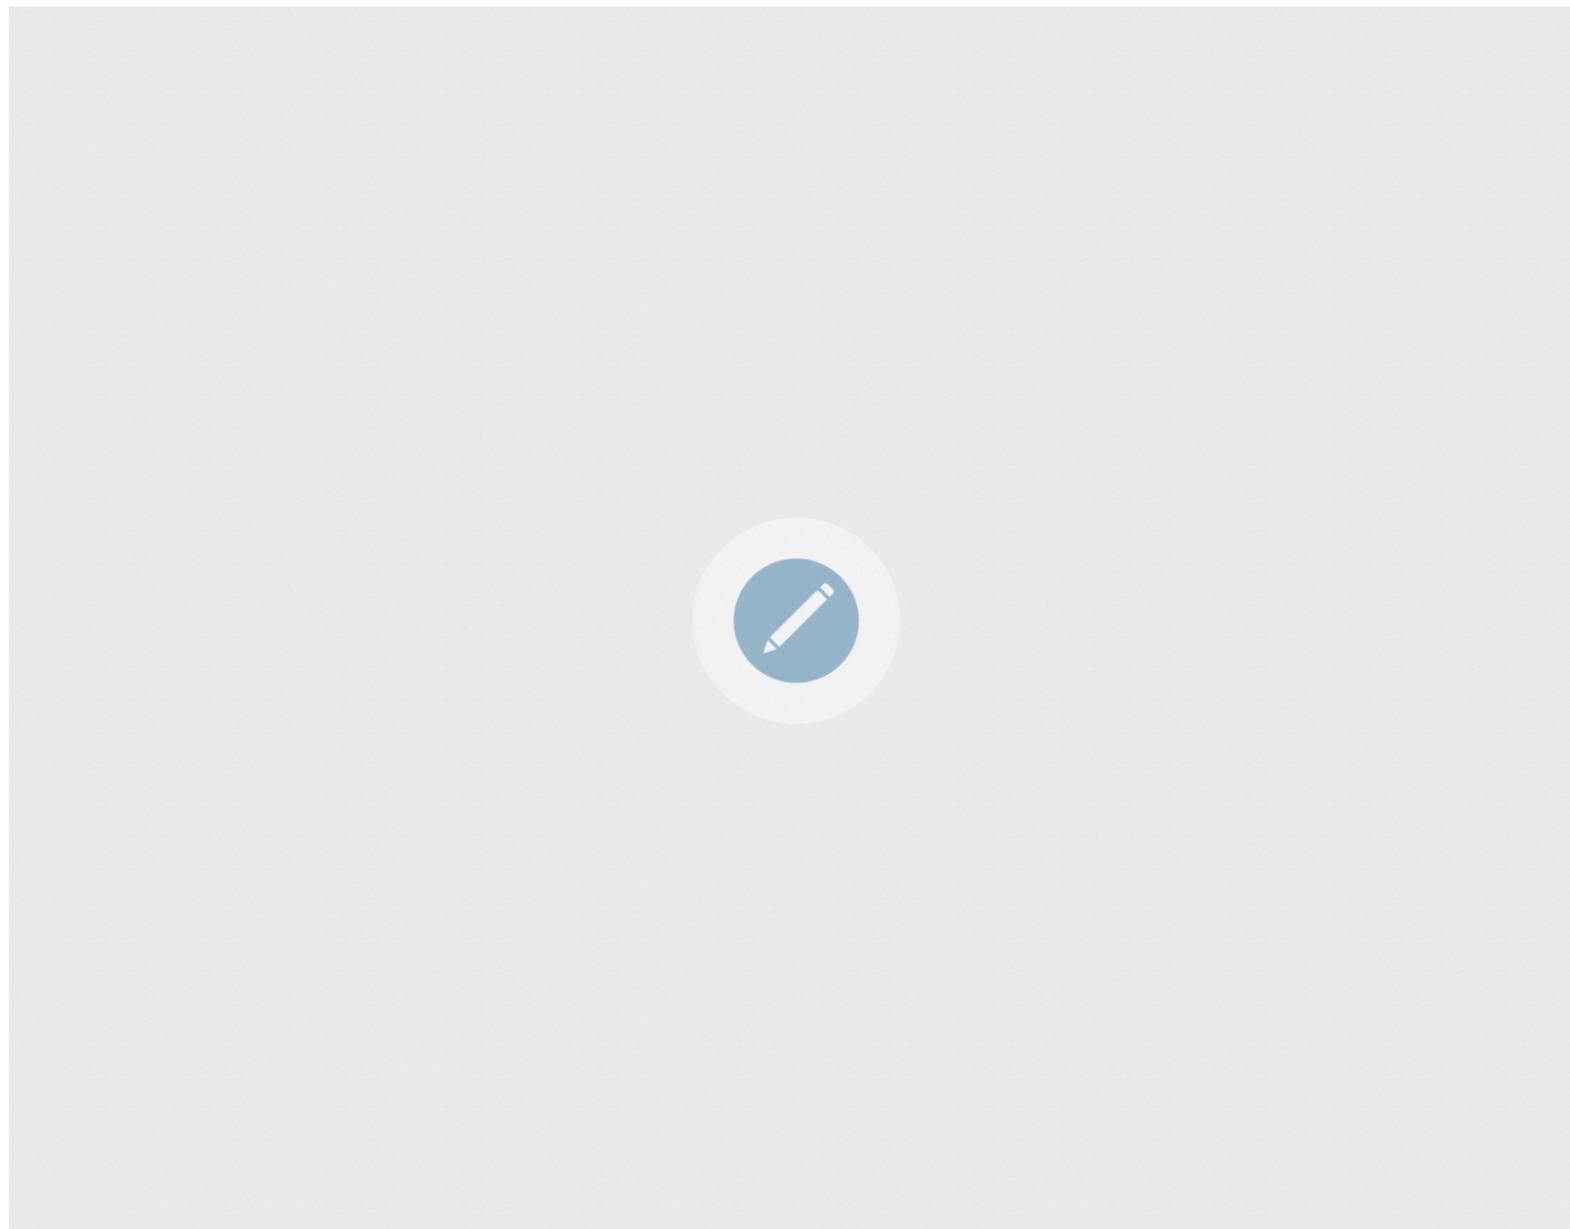

- ▶ A toy car making a jump on a ramp.
- ▶ A family member blowing bubbles.
- ▶ Food colouring moving in water.
- ▶ A family member running.
- ▶ You doing a crazy dance!!

Slow Motion

Let's add your recording to the gallery here.
Record your voice speaking about what you discovered in slow motion.

Take your learning further

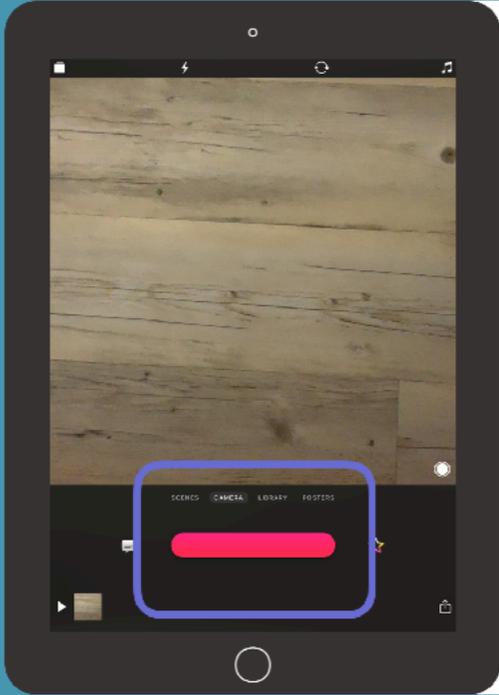

For more to tips about recording in slow motion, look through the ['Everyone can Create Early Learners Guide'](#) chapter on Slow Motion.

All About Me

Use Clips to create a short video all about you! In this video introduce yourself and talk about 3 things that you love. Swipe through the gallery below for instructions.

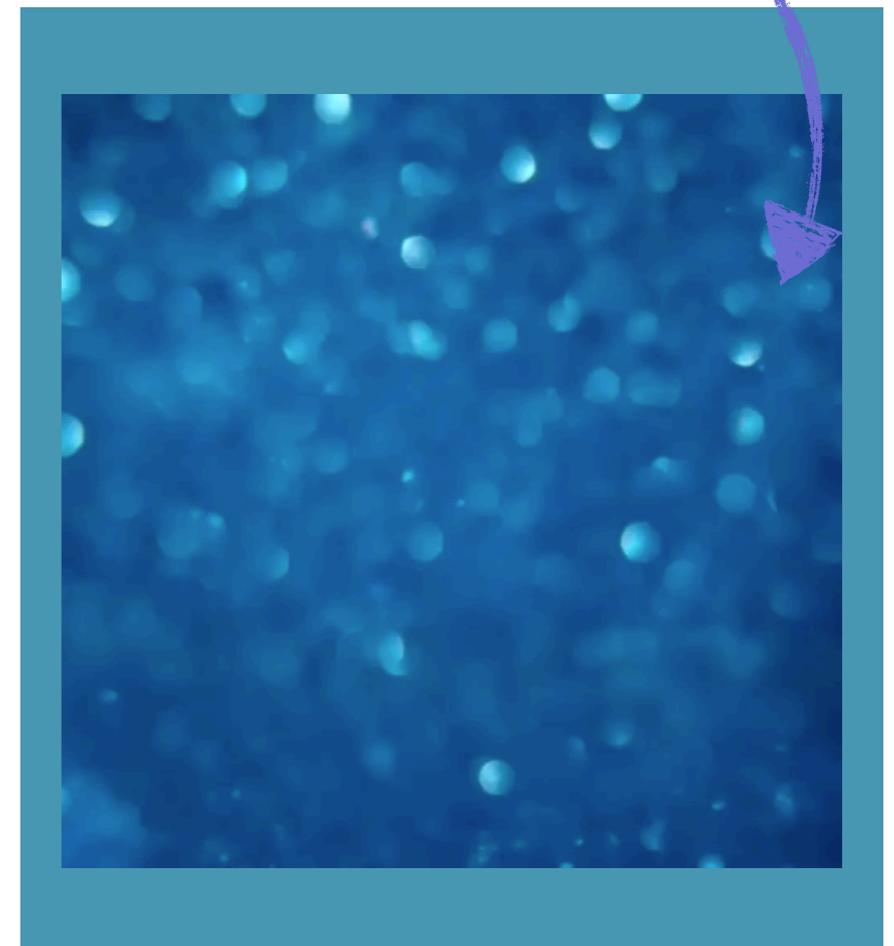

Take a look at the example for ideas.

1.

Touch and hold the pink button. Keep holding as you introduce yourself and talk about your favourite things.

Lift your finger to stop recording.

The image shows a smartphone screen with a video recording interface. A red button is highlighted with a blue square. The background of the screen is a wooden wall. To the right of the screen, there is a white box containing the number '1.' and two paragraphs of text.

Tap the picture, and then

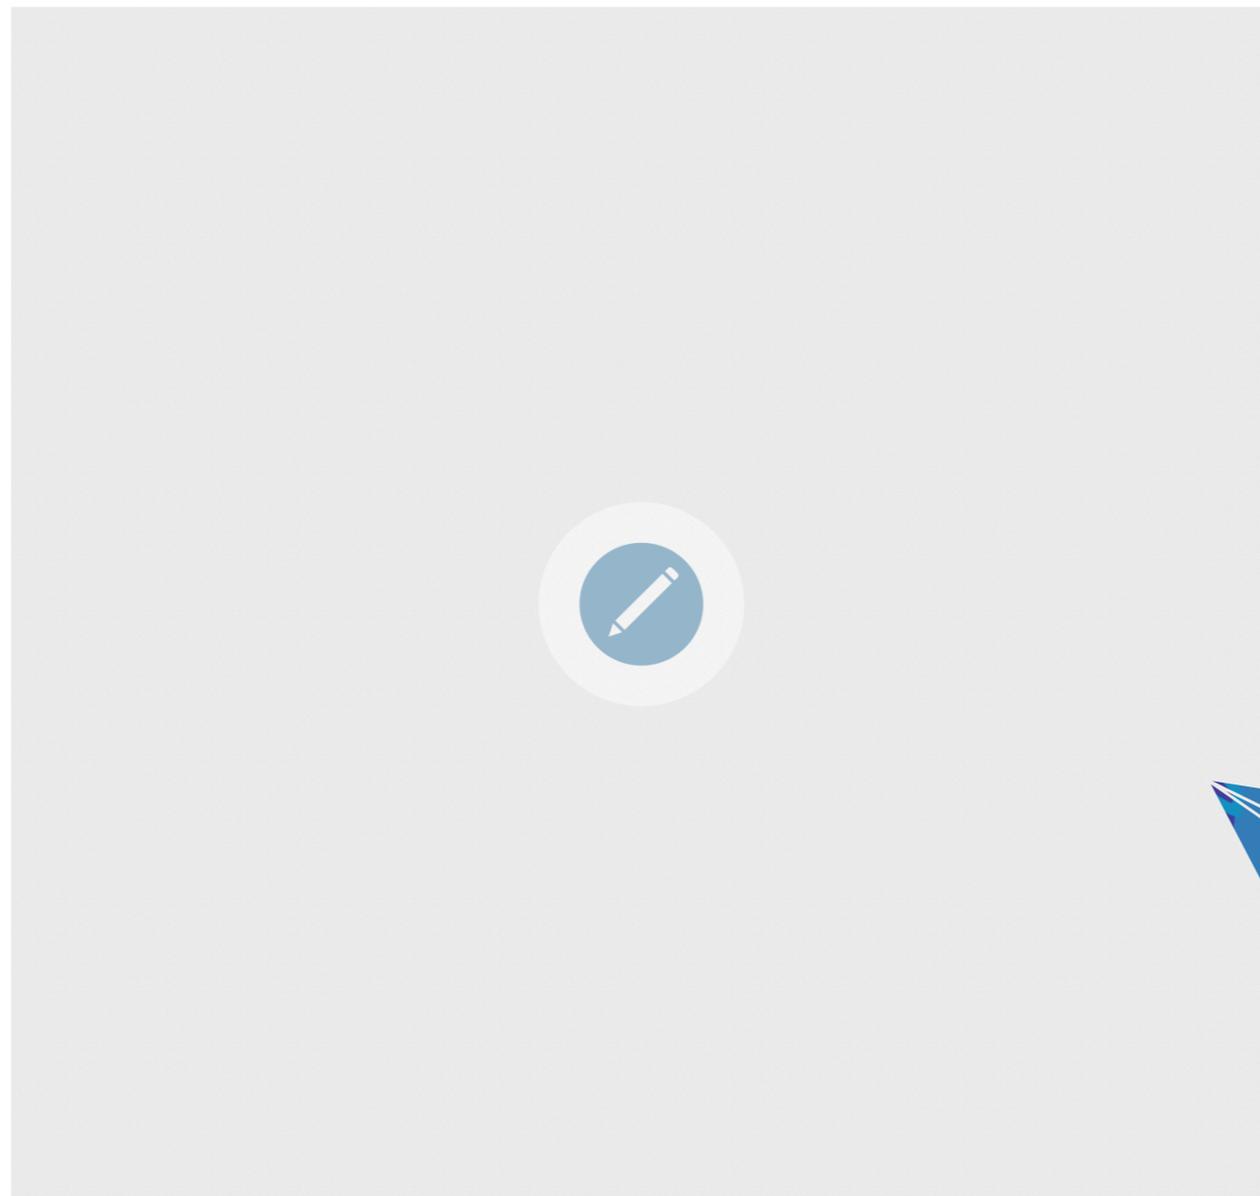

to see more

All About Me

Add your Clips video here. What a great thing to show your friends.
