

MLD Support Guides

Screen sharing Windows devices

Windows Connect app

Step 1

Prepare the MLD for screen sharing by logging onto the Mini PC using your DoE credentials.

Click on the Start menu and select the Connect app.

Step 2

Note the device name that appears in the window.

Step 3

On your laptop, press

Select the device name noted in Step 2.

Click on the device name to project your device to the Mini PC.

Or

On your laptop, click the notifications icon.

Click on Expand.

Click on the Connect tile.

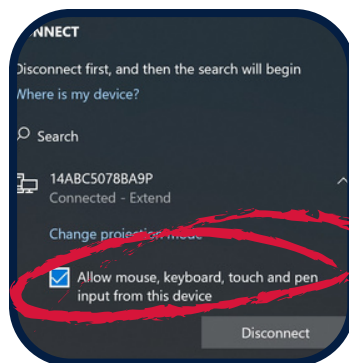

Enable Touch

Once connected, the content on your screen will be shown on the MLD.

You can enable touch features by selecting the tick box:

"Allow mouse, keyboard, touch and pen input from this device"

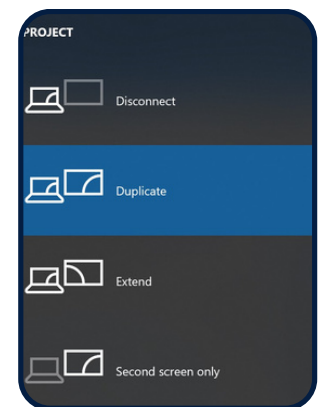

View mode

To change the projection mode press

Select **Duplicate** (same content on both screens) or **Extend** (different content on the laptop and MLD).

To extend across multiple screens, drag the active window to the right of the primary display.

To access additional MLD resources scan the QR code.
